

Minor Injuries Unit (MIU)

The Minor injuries Unit (MIU) is open from 8.30am and we accept our last walk in patient at 4pm, Monday to Friday (except Public Holidays).

Experienced Emergency Nurse Practitioners provide care to patients who visit our Minor Injuries Unit; they specialise in treating minor injuries.

Minor Injury Units offer a walk-in service, where patients can be treated for

- Minor cuts and lacerations, including septic wounds
- Dog and cat bites
- Bruises
- Strains and sprains
- Simple fractures and dislocations
- Minor burns and scalds
- Head injuries (if the person is not unconscious or intoxicated),
- Minor eye injuries
- Splinters and other foreign bodies in the skin, the eye, ear or the nose
- Insect bites and stings

If you are unsure whether we can help, you can call 111 for advice 24 hours a day 365 days a year, or you can give us a call directly on 01666 502336 during our opening hours. In an emergency dial 999.

Diagnostic Imaging

We have a state of the art plain film x-ray machine which HRH The Prince of Wales opened in March 2015. This machine is used for out-patient appointments and the MIU. Your GP can also request and refer you for x-rays here.

We also have ultrasound on site provided by GP Care; your GP may choose to send you here for your ultrasound.

What else do we do?

We provide consulting rooms to Romney House Surgery so you can see your GP here; we provide rooms to local osteopaths and physiotherapists to work out of; we offer our Board room to local health support groups; we are part of your community.

Private Treatment

95% of the services we deliver are on behalf of the NHS, however, should you wish to either pay for treatment yourself or through your health insurance please contact our private patients coordinator on 01666 501 773

Information for patients about our service

Tetbury Hospital Trust Ltd
Reg Company No 2681604. Reg Charity No 1008926

A registered charity committed to delivering the best in care for local people and the community.

About Us

In the late 1980s when the NHS ran Tetbury Hospital it was threatened with closure. The people of the town raised over £1 million to buy the hospital. Tetbury Hospital Trust Ltd was set up as a charity to run the hospital and deliver services on behalf of the NHS for the benefit of the people of Tetbury and the surrounding district.

At the same time The Friends of Tetbury Hospital came into being to act as the fundraising arm of the Hospital. HRH The Prince of Wales is our Patron. The Friends play an important part in providing the Hospital with new equipment and keeping our facilities modern and welcoming.

We provide a comprehensive service and have excellent relationships with the local NHS Trusts and other Independent Sector healthcare providers to ensure seamless patient care

Our Vision

To deliver the best in care

Our Charitable Objective

To provide integrated, seamless healthcare for the people and local communities we serve that is safe, effective and centred around the patient.

Our Values

The hospital has 6 key values which underpin everything we do as an organisation.

WE CARE

- **Welcoming** to patients, carers, visitors, staff and stakeholders. Embracing diversity and delivering services to meet individuals needs
- **Efficient** and effective in everything we do
- **Charitable**, ensuring the organisation is well led and governed appropriately and our status as a registered charity is maintained
- **Accountable** for our actions, acting with integrity and openness at all times. Celebrating what we do well and learning from our setbacks
- **Respectful** of our patients, visitors and staff at all times, treating them with dignity and listening and supporting them
- **Excellence** is the standard we strive to achieve

Our Facilities

Physiotherapy

Gloucestershire Care Services NHS Trust deliver physiotherapy services from our hospital 3 days a week, The Courtyard also attend once a week

Out-Patient Department

We have seven well equipped consulting rooms which are used by over 40 visiting consultants. We provide a range of services including cardiology, dermatology, ENT, general surgery, gynaecology, maxillofacial, ophthalmology, orthopaedics, pain management, podiatrics, rheumatology, respiratory and urology.

Because we are a small specialist hospital with a well managed appointment system you are unlikely to be kept waiting.

If you would like to see a specialist here please discuss this with your GP, and/or your dentist for maxillary facial referrals, and/or optician for ophthalmology.

If you would like more information about our services email enquires@tetburyhospital.co.uk, or give us a call on 01666 502 336

Day Surgery Unit

With more than 20 visiting consultants operating in our Day Surgery Unit we can provide a varied, welcoming, efficient and effective surgical service.

The Day Case theatre team performs wide ranging orthopaedic, plastic, podiatric, gynaecological and general surgery procedures. As well as being a recognised centre for Ophthalmic NHS and private Cataract operations.
