A registered charity committed to deliver
best in care for local people and the ct

About Us

In the late 1980s when the NHS ran Tetbury Hospital it was threatened with closure. The people of the town raised over £1 million to buy the hospital. Tetbury Hospital Trust Ltd was set up as a charity to run the hospital and deliver services on behalf of the NHS for the benefit of the people of Tetbury and the surrounding district.

At the same time The Friends of Tetbury Hospital came into being to act as the fundraising arm of the Hospital, HRH The Prince of Wales is our Patron. The Friends play an important part in providing the Hospital with new equipment and keeping our facilities modern and welcoming.

We deliver the best in care to local communities and all our services are available through the NHS e-Referral System. Referrals can also be made by opticians or dentists either by secure e-mail, hard copy letter posted or faxed.

We provide a comprehensive service and have excellent relationships with the local NHS Trusts and other Independent Sector healthcare providers to ensure seamless patient care

Our Vision

To deliver the best in care

Our Charitable Objective

- **Efficient** and effective in everything we do
- **Charitable**, ensuring the organisation is well led and governed appropriately and our status as a registered charity is maintained
